JOSIAH TURNER, Jr., EDITOR.

THE RADICAL CONGRESS.

The Forty-First Congress, of what it seems a grim mockery to call any longer, the United States, as it draws to a close, bids fair to establish for itself as disgraceful a reputation as corruption could earn for it. Week after week passes and yet we have no evidence of anything being done to elevate the people, to ameliorate the condition of the masses, to restore harmony, to produce economy, or to promote prosperity. It is the same story over and over again, of greed of gain and lust of power. It is a constant repetition of huge jobs and petty tyrannies, of corruption and knavery, of money bribes and political schemes, the whole object and aim of the Radical representatives of Republican constituents being to put money in their purses and to retain themselves in power, that they may repeat the same villiany over and over again, as long and as often as it may prove profitable. Yesterday it was a bill to give away countless acres. To-day it is an act to take away the freedom from elections in conquered States, and to place the educated white under the heel of the ignorant negro. To-morrow it will be essarily attendant upon the voluntary expatriation of faith-keeping red men from the homes of their forefathers. And so it goes. The only record is one of shame and of disgrace, and there appears to be no one act which is not either a piece of private corruption, or a public attack upon liberties bequeathed us by the signers of the Declaration of Independence.—*Balt. Gazette.*

MEMORIAL CELEBRATION AT WINCHESTER, VA.—The ceremony of decorating the graves of the Confederate dead took place at the Stonewall Cemetery, near Winchester, on Saturday, in the presence of a large assemblage from that city and from all the neighboring counties—Clarke, Jefferson, Shenandoah, Warren, Berkeley and Fauquier. The city of Baltimore was also well represented. The Winchester *Times* says:

"The unknown and unrecorded but not unremembered dead who sleep in our beautiful cemetery receive especial honor at the hands of Southern women. This lot was under the especial charge of the Misses Sherrard and Miss Reily, of Winchester, and Miss Fricland, Miss Hopkins and Miss Wilson, of Baltimore. The shaft, wreathed with evergreens and surmounted by a beautiful cross and anchor, was especially admired.

"The smaller mounds were enclosed by a heavy chain of evergreen attached to fourteen crosses four feet high, and the whole lot was covered with flowers strewn by nearly every lady on the ground.

"The lots of South Carolina, North Carolina, Virginia, Georgia, Delaware, Arkansas, and Mississippi were also beautifully decorated.

"The decoration of the remaining States, Maryland, Kentucky, Tennessee, Alabama, Texas and Louisiana was deferred until Thursday, on account of the wet weather and misunderstanding with regard to the postponement, but the ladies from the country saw that no grave was neglected, and by three o'clock the Stonewall Cemetery resembled a beautiful garden of flowers. The grave of young Cushing, in the Maryland lot, was covered with wreaths and crosses by his father, who has given two sons to the 'lost cause.'"

THE SMITH FAMILY.—The following story, which we clip from one of our Western exchanges, will be probably perused with particular interest by the two or three members of the illustrious Smith family, who subsist in our city.

"A few weeks ago the Governor of Ohio offered $500 for the arrest of a man named John Smith. There are 110 counties in Ohio, and in less than two days the sheriffs of all these counties arrived in Columbus, each with a man named John Smith. During the three succeeding days over 2 000 detectives, policemen, and private citizens, from Kentucky, Pennsylvania, New Jersey, Ohio, Indiana, West Virginia, and Illinois, arrived in Columbus, every fellow bringing with him some unhappy man named John Smith, and more arrive every day. The aggregate of Smiths at present in Columbus is simply awful! And the worst of it is that every man insists that his Smith is the particular Smith mentioned in the proclamation, and he is going to have that $500 or hash the Governor right up. The Governor is trying to decide whether to pay the reward to every man in the lot or resign."

WHAT A MAN DOES IN HALF A CENTURY.—According to a French statician, taking the mean of many accounts, a man of fifty years of age has slept 6,000 days, worked 6 500 days, walked 800 days, amused himself 4 000 days, was eating 1,500 days, was sick 500 days, etc. He ate 17,000 pounds of bread, 16,000 pounds of meat, 4,000 of vegetables, eggs and fish, and drank 7,000 gallons of liquid, viz: water, coffee, tea, beer, wine, etc., all together. This would make a respectable lake of 300 square feet surface and three feet deep, on which a small steamboat could navigate. And all this solid and liquid material passing through a human being in fifty years!

THE PRESENT ADMINISTRATION.—The New York *Standard* says:

If General Lee were President of the United States just now instead of General Grant, with Jeff. Davis for Secretary of State instead of Hamilton Fish, the policy of the Government could not be more adverse than it now is to the cause of human freedom. We doubt whether both England and Spain would not prefer the present administration.

A young German paid the expenses to this country of a German girl whom he intended to marry. At Pittsburg she discarded him for an American lover, and now he sues her for $205, which it cost him to bring her to this country. Among the items in the bill were the passage money, pay for four tickets to the New York theatres, and sundry bottles of wine and glasses of "good old lager beer."—The bill was afterwards reduced and the second lover paid it.

The drummer-boy of the Ancient and Honorable Artillery Company of Boston is Dan Simpson, aged 83. He has drummed in the same company 60 years.

WALTHAM

WATCHES.

THE EXTENSIVE USE OF THESE WATCHES for the last fifteen years by Railway Conductors, Engineers, and Expressmen, the most exacting of watch-wearers, has thoroughly demonstrated the strength, steadiness, durability and accuracy of the Waltham Watch. To satisfy that class in all these respects, is to decide the question as to the real value of these timekeepers.

More than 450 000 of these watches are now speaking for themselves in the pockets of the people—a proof and a guarantee of their superiority over all others.

The superior organization and great extent of the Company's Works at Waltham, enable them to produce watches at a price which renders competition futile, and those who buy any other watch, merely pay from 25 to 50 per cent. more for their watches than is necessary.

We are now selling Waltham Watches at less prices in greenbacks, than the gold prices before the war. There is no other manufacture of any kind in the United States of which this can be said.

These time-pieces combine every improvement that a long experience has proved of real practical use. Having had the refusal of nearly every invention in watchmaking originating in this country or in Europe, only those were finally adopted which severe testing by the most skilful artisans in our works, and long use on the part of the public demonstrated to be essential to correct and enduring time-keeping.

Among the many improvements we would particularize:

The invention and use of a centre-pinion of peculiar construction, to prevent damage to the train by the breakage of main springs, is original with the American Watch Company, who, having had the refusal of all other contrivances, adopted Fogg's Patent pinion as being the best and cheapest.

Hardened and tempered hair springs, now universally admitted by watchmakers to be the best, are used in all grades of Waltham Watches.

All Waltham Watches have dust-proof caps, protecting the movement from dust and lessening the necessity of the frequent cleaning necessary in other watches.

Our new patent stem-winder, or keyless watch, is already a decided success and a great improvement on any stem-winding watch in the American market, and by far the cheapest watch of its quality now offered to the public. To those living in portions of the United States where watchmakers do not abound, watches with the above mentioned improvements which tend to insure accuracy, cleanliness, durability and convenience, must prove invaluable.

Every watch guaranteed by the Company.

To prevent imposition, buyers should see that every watch should bear either of the following trade marks.

CONSERVATIVE COUNTY CONVENTION.

Delegates to the Convention of the Conservative party for Wake county, will bear in mind that next Saturday is the day for meeting in this city for the purpose of nominating candidates for the county offices, and for members of the General Assembly. Let all the township delegates, who can possibly do so, be present, that a full and fair expression of the sentiments of the people may be had.

THE GOVERNOR AND HIS POLICY.

We alluded very briefly yesterday, to what is evidently the policy of the Radical leaders in this State, for the coming campaign, in order to bind up their fast disintegrating party and keep themselves in power a little longer. This policy is, as stated, to draw off the attention of the burthened, tax-ridden voters of the State from an investigation of the acts of the party since it came into power; to intimidate and silence as many as possible of those who are opposed to them, and to get up such an excitement in the country, by false representations in regard to the acts of violence that have been committed as to serve as an excuse for raising an armed force of their own partisans, ostensibly for the purpose of enforcing the laws, but really to affect and influence the elections.

We have seen the tendency in this direction weeks ago, and warned the people of it at the time. It was the actuating motive for the introduction and passage of the military bill through the Legislature, for the introduction of which, it is said, and we believe can be proved, that T. M. Shoffner, of Alamance, received twelve hundred dollars. Coupled with this bill was the bold and mischievous attempt to bring about a suspension of the writ of *habeas corpus*; but so startling was the proposition that it met with the anathemas of even their own party, and that which was pressed with such vehemence before the recess for the Christmas holidays, was abandoned on the reassembling of the Legislature, so far as the main features of their aim was concerned.

But this was only a forced surrender of the point, temporarily, under the pressure of public opinion; the object was by no means abandoned. But it became necessary to change their tactics to secure its accomplishment. The plans were laid and have been steadily worked up from that time until now. There was some disappointment when the United States troops were quartered in Orange and Alamance with such a calm acquiescence on the part of the people. It was seen by the plotters, in Raleigh and Washington, that this sort of armed power would not answer the purpose; the troops would do all that was necessary, if anything had been necessary, to enforce the laws and preserve order, but they would *not* serve as pliant tools to create strife, nor lend themselves to carry out the nefarious projects of unscrupulous partisans.

Another *role* must be played; a different engine of oppression must be brought to bear, a different instrument employed—that of an *armed militia*, subject to the Governor's control, and to be composed of an element that would at once be offensive to the people and subservient to their leaders and masters. And that is the plan that is on foot now, and to the accomplishment of which the Radical leaders of the State, with Governor Holden at their head, are bending all their energies, and on the success of which is suspended all their hopes of success in the approaching campaign.

They have been laying the foundation and paving the way to this for some time. It was to this end that the various false and distorted statements of outrage and violence have been made and published in the Governor's organ, as the work of the Democrats. It was to this end the Governor issued that extraordinary proclamation, a week ago, rehearsing all the outrages and acts of lawlessness that have been committed in the State for eighteen months past, some of them distorted, some of them positively false and some of a really frivolous character, but all of them dressed up in one grand dish and charged on an imaginary organization, simply to horrify the public mind and further the cherished design of getting up an armed force to overawe the people and carry out the wicked designs of the party.

But the Governor and leaders of the party here in Raleigh have not acted alone in this matter; they have had the advice and co-operation of Pool and Abbott, and perhaps others, at Washington city. Hence the avidity with which the death of Stephens was seized upon, and a premature and false statement of it telegraphed to Washington, to Pool and Abbott, to prepare the public mind there, for the hellish designs in contemplation here.

Hence, too, the sudden impetus which has been given to their movements here, as indicated by the Governor's editorials in the *Standard*, last week, on the visit of Pool and Abbott to this city. The time is short and the plan will be rapidly developed. Startling announcements will, most likely, be made within the next few days, and if pretexts should be wanting, *they will make them*.

In view of these things, which we candidly believe to be truthfully, but only partially set forth, we warn the people everywhere to be cautious and prudent; "wise as serpents and harmless as doves." Take from the arch mischief makers all pretexts for their disorderly actions; and not only so, but to be watchful in all cases of disturbance or outrage that may occur around them, to detect the authors, if possible, and fasten the crimes upon those who commit them, that they may not, as has been the case in instances heretofore, be charged upon innocent persons or on the opponents of the Radical party.

LET HARMONY PREVAIL.

The acts and doings of the Radical party in this State have been of such an unwise, extravagant and dishonest character, that the people feel the imperative necessity of a change of rulers in order to ward off the utter prostration of all our industrial enterprises and the permanent ruin of our State credit and finances.

So apparent is this, even to the leaders of the Radical party, that they are re-nominating very few of the present incumbents of office, because of the entire want of confidence they have inspired in the minds of the people, either in regard to their integrity or ability. But while they are changing their *men* they are not changing their *policy*, nor even substituting better men, and should they succeed in the approaching elections, we may look for a repetition of the same acts, a carrying out of the same oppressive policy, that have marked their course heretofore.

It is, therefore, the ruinous *policy* of the Radical party in this State, that is to be opposed and defeated; not merely the men engaged in carrying that policy into effect.

In order to do this the Conservative party must act patriotically and harmoniously. The claims of men must give way to the claims of country. The strongest and most available men must be put forward for the offices, and all who become disorganizers for the attainment of selfish ends, must be frowned down by the great body of the people, whose interest and welfare are at stake.

We therefore call especially upon the people of Wake county, whose convention will be held on Saturday next, to look about them for their strongest and best men; those who appear to have more fully the general voice, and let these men be placed in nomination, under the pledge that we will all sustain and work for them, not especially for their promotion, but for the salvation of our county and State.

We know we can put in the field men of more skill and experience and fitness every way for the public offices, than those put forth by our opponents, who, according to the developements of the last two days, are distasteful to a large number of their own party. Let us do this and our success is certain. Let private claims be ignored, where necessary, for the general good, and with a harmonious and unbroken front, the victory is ours.

There is no occasion to sell out to, or compromise with the enemy, when we have got so clearly the advantage, and the man who would in a time like this, endanger the success of the party, on which we believe our happiness and prosperity, as a people, and the welfare of the State depend, for the advancement of his own private good, is unworthy the confidence or countenance of the people.

Let our harmony be unbroken; our ranks compact, and victory is ours.

HOW TO OBSTRUCT IMMIGRATION.—We copy the following truthful and sensible article from the editorial columns of a late number of the New York *Herald*:

For the Governor of each State to follow the example of Governor Holden of North Carolina, and issue proclamations for political effect, showing the shocking condition of society there, garnished with frightful lists of alleged Ku Klux assassinations, robberies, house burnings and diabolical outrages of nearly every description. The true condition of the South may be bad enough in some localities, but it is manifestly a mistaken policy to ransack the country over and present to the world in exaggerated colors every misdemeanor that occurs, and no doubt many that do not.—It should be the purpose of Southerners to strive to restore tranquility and maintain order among themselves, and to encourage, by every possible means, the introduction of a class of immigrants who will be permanently beneficial to the interests of the country. Proclamations like that of Governor Holden, charging deeds of darkness upon the Ku Kluxes before such lawless bands even had an existence, are poorly calculated to add to the prosperity or social reputation of the State. Holden had better hold up.

The Houston (Texas) Union says Dr. W. H. Farner, editor of the late News Letter, "is the rightful heir to an estate in Germany, said to be worth several millions of pounds sterling," which estate, when obtained, will confer on him the title of Duke of Baden-Baden. This title he cares nothing about, as he would not give up the title of an American citizen and the pride of being a Texan for all the dukedoms in Germany," but he is going after the money.

Prince Demidoff receives from his Russian iron and copper mines, in which he employed 67,000 laborers, an annual income of 1,400,000 francs. It is in these mines, embedded in veins of copper, that have been found some of the largest and finest blocks of malachite in the world.

MEETING IN WAKE.

The citizens of Buckhorn township assembled on the 2d of June, 1870, for the purpose of nominating suitable men to fill the several township offices, and also to appoint delegates to the County Convention, to be held at Raleigh.

On motion, William Boothe was called to the chair and J. H. Collins requested to act as Secretary. The chairman then explained the object of the meeting and appointed a Committee of five to draft resolutions for the meeting who reported, through their chairman, the following resolutions:

Resolved, 1st. That we are opposed to all lawlessness and mob law.

2nd. That we shall endeavor to cultivate kindly feelings between the white and colored races.

3d. That we are opposed to the policy of the Radical party in its extravagant waste of the people's money.

4th. That the chairman appoint twenty delegates to the County Convention.

The following were appointed: J. H. Collins, T. B. Rollins, L. B. Segraves, C. H. Beckwith, J. C. Hunter and others.

The following were nominated for township officers:

For Magistrates—J. M. Holleman and W. B. Jones.

For Clerk—D. B. Holland.

For Constable—W. H. Norris.

For School Committee—J. C. Hagan, J. H. Collins and M. B. Royster.

On motion, these resolutions were submitted to the meeting and were unanimously adopted and a copy requested to be sent to the Weekly SENTINEL for publication.

The following were appointed an Executive Committee: Y. P. Lashley, O. P. Dupree, T. B. Rollins, J. C. Hunter and William Boothe.

On motion, the meeting then adjourned.

WILLIAM BOOTHE, Ch'm.

J. H. COLLINS, Sec'y.

GATES COUNTY CONVENTION.

At a meeting of the Conservatives of Gates county held at Gatesville on the 4th day of June, 1870. Gen. W. P. Roberts was appointed Chairman and John Brady, Secretary of the meeting.

On motion of Dr. H. H. Hunter, a Committee of three from each township in the county, was appointed by the Chairman to present to the meeting the names of suitable persons, as nominees, to fill the respective positions of member in the House of Representatives from this county, Sheriff of the county, Register of Deeds, County Treasurer, County Surveyor, five County Commissioners and Coroner.

A Committee to draft resolutions expressive of the sense of the meeting was also appointed.

The Committee appointed to make the nominations, reported the names of the following persons for the respective offices named, which received the sanction of the Convention:

For the House of Representatives—Dr. Joseph Parker.

For Sheriff—B. P. Willey.

For Register of Deeds—Jno. R. Walton.

For County Treasurer—R. H. Ballard.

For County Surveyor—John Williams.

For County Commissioners—M. H. Eure, Thomas B. Walton, Dr. H. C. Willey, W. J. Savage and Dr. H. H. Hunter.

For Coroner—Hance Hodges.

The Committee appointed to draft resolutions expressive of the sense of the meeting reported the following which were unanimously adopted:

WHEREAS, In view of the approaching election to be held in this State, the Conservative people of Gates county, appreciating the great necessity of electing to office honest, faithful and reliable public servants, and offering every possible legal opposition to the progress of Radicalism in the State, having assembled in public Convention, do express and declare their sentiments in the following resolutions.

Resolved, 1st. That we have witnessed, with deep mortification, the reckless extravagance, corruption and partisan tyranny exhibited by the Radical party of the last Legislature, which was a reproach to the State, destroying her credit and robbing her of the fair name she has always maintained, even in the midst of revolutions.

2nd. That we are in favor of an honest equal, just and economical administration of our State Government in all its departments, Executive, Legislative and Judicial.

3rd. That, as applied to us, we denounce, as a vile slander and base falsehood, the declaration made by the Hon. John Pool in the Senate of the United States and by other Radicals in the State, that there is a secret political organization in the State, known as the "Ku Klux Klan," organized in the interest and at the instance of the Conservative or Democratic party; and we believe said declaration as applied to the Conservative or Democratic party in the other counties of the State to be equally slanderous and false.

4th. That we oppose in the most emphatic manner, the existence of all secret political organizations, by whatever name called or known, whether Ku Klux or Loyal Leagues, and we earnestly advise all good citizens of every party, race or color to use every effort to discontinue their existence.

5th. That the efforts of W. W. Holden, Governor of North Carolina and his coadjutors, in endeavoring to procure the suspension of the sacred writ of *habeas corpus*, are unwise, unpatriotic and dangerous to the liberty of the citizen; and their purpose being, in our opinion, to promote their own partisan and selfish ends, deserves the just condemnation of all good and patriotic men.

6th. That the civil and political rights of the colored people being secured by the highest authority of law, we have no desire or purpose to withold those rights; and will use every effort in our power to make them competent to avoid the intrigues of bad men, in whose influence, by the aid of Loyal Leagues, so called, they have mainly acted since their political enfranchisement.

7th. That we heartily endorse the Raleigh SENTINEL, and accord to its editor our gratitude for the bold and diligent manner, in which he has held up to public scorn the vicious and depraved conduct of the Radical party of this State.

The following delegates were appointed to the Convention to be held in this Senatorial District for the purpose of nominating candidates for the Senate.

A. J. Walton, Henry Willey, Jno. Brady, M. L. Eure, W. P. Hayes, N. H. Eure, W. H. Mannin, H. C. Williams, Dr. H. H. Hunter, and Dr. Joseph Parker. These delegates were instructed to cast their votes for Dr. R. K. Speed, of Pasquotank, and Wm. E. Bond, of Chowan, as fit persons to represent the District in the Senate of the next Legislature.

The following delegates were appointed to a Convention to be held in this Congressional District for the purpose of nominating a candidate for Congress: R. H. Ballard, N. L. Eure, R. H. Williams, Jno. R. Walton, H. C. Willey, John F. Parker, John J. Gatling, Dr. R. H. Riddick, Willie Wiggins and N. O. Ward.

On motion the proceedings of the Convention were ordered to be published in the Raleigh SENTINEL.

The meeting then adjourned.

MEETING IN ALAMANCE.

An adjourned meeting of the Conservatives of Alamance County met in the Court House at Graham on Saturday the 11th of June, Col. Jessie Gant presiding. J. A. Long and Dr. Jno. K. Ruffin, Secretaries.

The delegates from the various townships on motion retired for making nominations for the various county offices as well as for seats in the next State Legislature. The committee on resolutions, through their Chairman, Capt. J. A. Graham reported the following:

WHEREAS, It is one of the great principles of a free government that the citizens thereof have a right to assemble and express their opinions in regard to the management of their affairs, and

WHEREAS, This is an era in the history of our country when it behooves every good citizen to lend his aid in restoring to our afflicted State and country such a government as will secure the peace and prosperity of the whole county and to every citizen thereof his rights as a free man.

THEREFORE, The Conservative party of Alamance County in convention assembled and in exercise of this right and greatly desiring to accomplish these ends do

Resolve, 1st. That we do hereby endorse and heartily approve of the platform and principles of the address of the Conservative members of the late legislature and adopt the same as the general platform of the Conservative party in Alamance County.

Resolved, 2nd. That our voice is for peace and a strict obedience to law and order, that we express our condemnation of all outbreaks and attempts at mob law and violence, believing as we do that all such are highly prejudicial to the good order and well being of society and greatly injurious to the prosperity of our country, and we pledge ourselves to use every effort in our power to secure a strict obedience to law.

Resolved, 3rd. That we have given the republican party a fair and impartial trial and they have made a complete failure in every department of the government, they have ground down the impoverished people by excessive and unnecessary taxes, have made reckless appropriations of the people's money and entrusted it in the hands of unworthy and dishonest men, who have not applied it to the benefit of the people, have dragged the last cent from the State Treasury and left us in a condition bordering on bankruptcy and ruin.

4th, That we are a party of liberality and as such are in favour of relieving the disabilities of our citizens which are imposed by certain amendments to the Constitution of the United States and that we are opposed to the enormous revenue taxes imposed upon our people, so that many of them are prevented from distilling their fruit and otherwise enjoying the products of their labour.

5th, That the Republican party although they profess to be in favour of the removal of disabilities and a repeal of the brandy tax, having had a large majority in Congress have failed to do these things and have therefore proved conclusively that they are not sincere in what they profess.

6th, That we are ashamed of the extravagance and corruption carried on in the management of our affairs under the present administration, that a reform is necessary, the taxes are too high, officers' fees are too large, it has cost more to run the machine than the people are able to pay, and we invoke the aid of every good citizen in bringing about such a change in our government as will render it more suitable to our present condition.

7th, That the civil and political equality of the colored man is a question which has been settled by an appeal to the people of the United States in the form of an amendment, to the Constitution thereof and is not now and will not be again an issue in this country and their rights having been thus secured we deem it of the highest importance that they should be educated and placed in a situation to exercise their rights with discretion, for the good of the country, and we cordially invite the colored man to act with us in order to secure his welfare as well as ours.

8th, That we urge upon all Conservatives unaminity in the support of the nominees of this Convention, discountenancing all independent candidates, bolters and disorganizers, if any such there may be.

Capt. Jas. A. Graham supported the resolutions in a forcible and eloquent speech, after which they were unanimously adopted.

The Committee on nominations returned and recommended the following, as suitable candidates for the different offices.

Senate.—Dr John A. Moore.

House of Representatives.—Capt. Sidney Thompson.

Register.—C. A. Tickel.

Surveyor.—James Ira White.

Commissioners.—D. W. Kerr, Jno. Spoon, Dr. Jno. K Ruffin, W. S. Caffey and C. Sellars.

Coroner.—Dr. Thomas C. Lutterloh.

Sheriff.—Albert Murray.

The township delegates also recommended the following central executive committee; J. A. Graham, J. E. Boyd, J. S. Scott, and Col. A. C. McAlister, and, also, the following township executive committees: For Cable Township—T. C. Lutterloh, W. E. Holt and J. T. Foyleman. Patterson's Township—William Patterson, W. J. Albright and C. C. A STARTLING NOVELTY IN COTTON PLANTING.—An old theory regarding cotton planting has recently been suddenly exploded. The opinion has almost universally existed that the cotton plant cannot be transplanted. A machine remarkable for its ingenuity has been invented and patented by Messrs. Roberts & Graham which most effectually demonstrates that cotton can be transplanted. It has been severely tested in Coahoma county, Miss., by Messrs. Nelson Harris, Robert Bobo, B. Lenel and Dr. Bobson. Plants were transplanted in dry, sandy soil under a burning sun, and they did not even wilt. They did not even stop growing. A trial as successful was also made in Taltabatchie county, and A. W. Alcorn, Sheriff of the county, allows himself to be referred to for the establishment of almost any extravagant assertions which may be made concerning this valuable invention. The machine has also been tested very carefully by J. R. Paynton, Esq., near Oakland, Tenn., a gentleman of no mean inventive genius himself. Corn, cotton and cabbage plants, and everything else were transferred under a hot sun. All lived and did not stop growing. More testimony can be furnished if any remain incredulous.—*Memphis Avalanche.*

STEPHEN A. DOUGLAS, jr., has been promoted from the rank of Major to that of Brigadier General in the "loyal militia" of North Carolina. It would have been infinitely more creditable to him if he had been promoted to the penitentiary in some other State.—*Courier Journal.*

An Indiana editor advises a correspondent not in future "to snatch up his pen and go ring-snorting along in the style of an unconscionable ass." The advice is good, if not polite.

EXCELSIOR LIFE INSURANCE CO.,
OF
NEW YORK.

P. F. PESCUD, Raleigh,
GENERAL AGENT AND MANAGER.
DR. C. E. JOHNSON, MEDICAL EXAMINER.

CASH ASSETS - - - - - - - - $500,000.

YOUNG, HEALTHY, VIGOROUS AND CONDUCTED BY A WISE, PRUDENT, AND ECONOMICAL BOARD OF DIRECTORS UPON A
NEW SYSTEM,
devised by its talented and distinguished Actuary CHAS. N. MORGAN, which must make it the leading Company in America, for persons in
MODERATE CIRCUMSTANCES,
and all who appreciate and demand the most UNQUESTIONABLE SECURITY, at rates in most cases, considerably lower than those of the leading Mutual Cash Companies.

The Excelsior issues Polices on *all* the plans of *Mutual* or *Stock* Companies, extend up to policy holders, all the really desirable advantages. Its policies being *non-forfeiting*, the insured are privileged to *live and travel where they please* in any healthy part of the world, they participate in its profits, are allowed 30 days grace for payment of renewal of premium, a cash surrender value of policy, *and a privilege* which has never been offered by any other Company, that of converting Policies into
ANNUITY BONDS,
after the payment of 5 or more annual premiums.

As hitherto, I have been restricted in the very popular Company which I had the honor to represent to *Stock rates* alone, which most of the *Mutual*, and mixed Companies have adopted. This disadvantage, together with the multiplication of many new Companies, in this State who claimed to possess unusual charms, together with the extraordinary attractions presented by the Excelsior induced me to accept the management of that Company, whose plan combines all the popular features of other Companies, represented in this State, without an exception, and the additional privilege of converting policies, which the holder can not afford to keep up, or whom to discontinue, because of the death of those for whose benefit the policy was secured, into an *Annuity Bond* which provides an *income in cash through life, or for a series of years as preferred.*

Circulars giving full explanations and any other information, will be cheerfully furnished.

The most liberal arrangements, will be made with first class solicitors, to push the Excelsior forward in the Old North State, to that position which her low rates and most ample security entitle her to occupy.

CITY AND STATE ITEMS.

TUESDAY, JUNE 14, 1870.

Dr. Thos. S. Ramsay, as Business Clerk, is authorized to make contracts and give receipts, &c., &c.

New Ads.—The Tuckers are always getting something new and handsome. To-day they announce new arrivals of Fancy articles, trimmings, hats, and a variety of other articles to suit the wants and wishes of all varieties of tastes.

Messrs. Pescud, Lee & Co., are also receiving large additions to their regular stock, for the wholesale and retail trade, together with choice teas, fruit jars, and other articles of a seasonable character.—As to pure, spirits of all kinds for medicinal purposes, they have as good as was ever brought to the market.

W. C. Stronach & Co., offer "long and short sweet'nin," coffee of the various brands, hams and herrings. Their stock of family Groceries is always complete.

Ladies' Auction.—To-morrow, (Wednesday) the 15th, at the Auction House of J. G. Hester, 26 Fayetteville street, a great variety of dress goods, trimmings, glass ware, crockery, vases, table ware, and an endless variety of fancy articles, which are bound to be sold. Gentlemen not admitted unless accompanied by ladies.

Auction to commence at 10 A. M.

Great reduction in Ladies' and Children's Hats.—Mrs. Ettinger has just received 300 fine, latest style straw hats, which she is selling at from 75 cents to $1 00.

Moved Home.—The Mayor occupied, officially, for the first time, this morning, his new office in the new Market House.—It is very conveniently and comfortably arranged, and we are inclined to think that justice dispensed with such favorable surroundings, will be shorn of some of its more disagreeable attributes, and have some of the sternness of its features smoothed out.

Templeton.—Notwithstanding the rain, Templeton's Operetta, last evening at Tucker Hall, was greeted by a very respectable audience, and the performance of little May, as usual, elicited much applause. By special request this Company appear again to-night with an entirely new and attractive programme. Go and see them.

Death in the Pot.—It is certain that, at the great county Radical stew, on Saturday last, in the Court House here, some of the young prophets gathered and threw in green gourds, and a taste of the porrige has extorted the exclamation, "O, son of man, there is death in the pot."

Heretofore, since the Radicals came into power, it was considered, in this county, that a nomination was equal to an election. But it is not so now; and we apprehend that the cute wire-working which resulted in obtaining a packed convention, (in regard to which, perhaps, we are better posted than some more immediately concerned,) may yet lose its fruits and result in defeat. "The battle is not always to the strong, nor the race to the swift," nor, (it may be added) is cunning always the harbinger of success.

We understand that when uncle Handy Lockhart declined the nomination for county Coroner, in the Radical Convention, last Saturday, Moses Patterson's name was substituted, and that James Harris, candidate for Congress, (who it seems, considers that he has been appointed special guardian for all the colored men about here,) objected on the ground that it wouldn't do for Moses to be Coroner, as he might have to go into people's parlors in the discharge of his duties! Now, when we reflect that inquests are not generally held in parlors, and that Moses has been fully as much used to going into parlors as the "Hon." James has, the excuse seems flimsy. If "Jeemes" is fit for the Halls of Congress, we think Moses might have been ventured on for Coroner. It is more than probable that James had some other reason which he didn't care to bring out.

Forestville Paper Mill.—We learn that this mill which has been suspended in its operations for the past two weeks, (owing to the washing away of about one hundred feet of the mill-race,) will resume operations, in full force, this week. The proprietors have now and keep constantly on hand a full stock of all grades of newspaper, bookpaper and wrapping paper.

Those who over-tax the Voice in Singing or Public Speaking will find "*Brown's Bronchial Troches*" exceedingly useful, enabling them to endure more than ordinary exertion with comparative ease, while they render articulation clear. For Throat Diseases and Coughs the Troches are of service.

A Brilliant Discovery.—"Mercy is," says Shakespeare, "like the gentle dew from heaven." Phalon's Vitalia, or Salvation for the Hair, is as clear and transparent. Gray hair can be graduated to any natural shade with this fluid. Of all the toilet triumphs of chemistry, this is the most important. No sediment. Sold by all druggists.

June 13-eod1w

A Stubborn Fact.

There is scarcely any disease in which purgative medicines are not more or less required, and much suffering might be prevented were they more generally used. No person can feel well while a costive habit of body prevails; because, it soon generates serious diseases which might have been avoided by a timely use of Cathartic Medicines. For this purpose *DR. TUTT'S VEGETABLE LIVER PILLS* are confidently recommended; they are mild, safe, prompt and uniform in their action. They contain no Mercury. Persons may eat and drink as usual, and they may be taken at any time.

Sabbath Breaking.—We see that our neighbors of the *Standard* establishment have got into the habit, for the last two or three weeks, of knocking off work on Saturday afternoon and resuming it on the afternoon of Sunday. It is not particularly our business when our neighbors work or when they play, except so far as the influence of a bad example is concerned.

There is no sort of necessity for this thing, and we feel sure that almost every printer would prefer having his Sabbaths to himself, that he may spend them with his family in something like the manner that other Christian people do.

When work is scarce and situations hard to obtain, many a printer is forced, against his religious convictions, to go to work on the Sabbath, for fear of losing his place if he refuses.

But suppose every employee of an office is willing to work at the case or the press on Sunday, the proprietor ought not to require it or allow it, for the thing itself is wrong. We profess to be Christian people, and claim to acknowledge the Bible as of divine authority, and the pursuit of our ordinary avocations on the Sabbath day is certainly contrary both to the letter and spirit of the Bible, as well as to the dictates of all Christian morality.

New way of Doing Things.—Whatever the new dynasty of our University may do or leave undone, they have certainly struck out a new plan in regard to committees, which, if it succeed, must prove beneficial in many instances, and in none more than in regard to the officers of that renowned institution.

We notice in the reported proceedings of the "Commencement," that on reorganizing the "historical society," a committee, consisting of Patrick, Marsiling and Col. (?) James Pont Taylor, was appointed "to *prepare* and report" permanent officers of the society.

This committee retired and soon reported officers, but, instead of *preparing* them they reported for President one already *prepared* namely, John H. Wheeler, "the historian," and thirteen Vice Presidents, who were afterward elected, *prepared* or unprepared.—

Several of these will have to be *prepared* —for instance, Rev. B. Craven, Hon. W. H. Battle, Gov. Reid, and some others, and we suggest the appointment of a sub-committee of one, to consist of James Pontleroy, to commence the job at once.

We have heard of no change in the quotations in the Congressional market. The last price offered James Harris for his nomination is, as we stated before, $6,500. James will take it, we believe, if he is not watched well.

The Weather continues unfavorable for farmers, especially for harvesting operations. We have rain every day, and the ground keeps so wet that very little plowing can be done. In the mean time the grass is growing, and crops will be damaged by it considerably.

In different portions of the Western Ward, certain backyards are sadly in need of attention as the odors with which they impregnate the atmosphere are not by any means agreeable to the olfactory senses.

We have again and again referred to this matter, and if the nuisance is not speedily abated, we shall speak more definitely, and demand the intervention of the police on ground of both health and decency.

Another Improvement.—In a short stroll down Martin street, yesterday, we noticed the foundations of a new brick building being laid by Mr. Alcott, which, on inquiry, we found was for a new Livery Stable for B. P. Williamson, Esq. It is located on the north side of Martin street, east of Wilmington street, and adjoining the large new Grocery establishment of Messrs. Upchurch and Dodd.

Dr. D. E. Smith and Dr. B. T. Person, are the Conservative nominees for the House of Representatives in Wayne county.

C. M. T. McCanley is the Conservative nominee for the House in Union county.

L. P. Battle is the Conservative nominee for the Senate from Nash and Wilson counties.

The Conservatives of Jackson County have nominated J. R. Love, Jr. for the House of Representatives.

Wood W. Flemming is the Conservative candidate for the Senate in the 41st District.

Subscriptions to Mrs. Mary Mason's book on Housewifery, will be taken at all the Book Stores and Drug Stores of this city.

Want of Vitality.

Sometimes there is a lack of vitality in large and apparently well developed frames. Herculean sinews and muscles are not always indicative of stamina and constitutional vigor in their possessor. Health depends more upon the condition of the stomach, the liver and the bowels, than upon the breadth of the shoulders, or the size of loose levers and pulleys of the system in which strength is supposed to reside. All this grand animal machinery is of itself no protective against sickness and decay. Easy and perfect digestion, regular and healthy secretions, uncontaminated blood, and a regular discharge of the waste matter of the body through the intestines, the kidneys and the pores, are the most potent safeguards against disease; the best guarantees of longevity. *To promote these objects is the great end and purpose of* Hostetter's Stomach Bitters. The ingredients of which the Great Tonic and Alterative is composed are taken solely from the vegetable kingdom and their medicinal virtues are not counterbalanced by the acrid and poisonous elements which exist, more or less, in all the powerful mineral drugs. Sufferers from indigestion, biliousness, intermittent fevers, nervous debility or constipation, will not only find immediate relief from the use of this agreeable stimulant and invigorant, but become conscious, as time wears on, of an increase of constitutional elasticity and vital force. Labor and exposure no longer produce the same effect upon them as heretofore, and they feel as if they had acquired a new hold on life, a new not only find immediate relief from the use of this agreeable stimulant and invigorant, but become conscious, as time wears on, of an increase of constitutional elasticity and vital force. Labor and exposure no longer produce the same effect upon them as heretofore, and they feel as if they had acquired a new hold on life, a new reserve of physical and mental energy. This has been the experience of thousands of both sexes, and every day adds to the mass of confirmatory testimony. At this season of the year when the temperature and state of the atmosphere, exercise a peculiarly depressing influence over the minds and bodies of invalids, Hostetter's Bitters is the only tonic upon which the debilitated can rely for swift and permanent restoration.

Monday Night Dispatches.

WASHINGTON.

Washington, June 13.—Revenue over $1,000,000.

The President has returned.

It is reported here that a negro succeeds Dawes from North Carolina.

The two negroes appointed to West Point, have been rejected for physical and intellectual inefficiency.

The Judiciary Committee postponed considering Woods' case until to-morrow.

Bradley T. Johnson has arrived to look after Woods' interests.

The Senate consumed the day in debating apportionment; the discussion will be resumed to-night. A vote will be reached in a few hours. It is supposed the Senate will pass the House bill without amendment.

The majority of the Sub Committee of the Senate on the Memphis and El Paso railroad made their report concluding as follows: "From the best examination we have been able to make of the facts and the laws of Texas, our conclusions are that the Memphis and El Paso Railroad Company is an existing corporation with the right of way across the State of Texas, and that it has a valid land grant of sixteen sections to the mile, to be selected out of the public lands of Texas without any special reservation."

House.—The following Republicans voted to suspend the rules to pass the general bill removing disabilities: Bonkley, Dockery, Fitch, Pierce, Platte, Sargeant, Stokes and Tillman. The motion was defeated by a vote of 59 to 111.

Butler moved to take up the Georgia bill; lost by a vote of 120 to 28.

The River and Harbor bill was taken up, passed and goes to the senate.

The speaker laid before the House a message from the President in relation to Cuban affairs. He condemns the atrocities of the war as now conducted, but says the object of the Cubans who urge their recognition, is to embroil the United States in a war with Spain. He sees nothing in the present aspect of affairs to justify this, and concludes by recommending strict neutrality and belligerent rights to both parties. After a lengthy debate, the message was referred to the Committee on Foreign Affairs.

FOREIGN.

Madrid, June 13.—In the Cortes on Saturday, Prim, in reply to questions, said that the government had sought a candidate for the throne but thus far in vain. He felt confident, however, that within the next three months one would be found. He deemed it necessary to state further that he did not mean Alfonso. While he knew there was a general feeling of anxiety on account of the unsettled state of affairs, he did not apprehend any disorder.

Paris, June 13.—The members of the International Society of Workmen, who were arrested on suspicion of being implicated in the late plot against the Nation and the life of the Emperor, will have their preliminary examination before a tribunal on Saturday next and were released on giving bail.

The sessions of the High Court will begin at "Blotson" on the 18th of July.

Tuesday Evening Dispatches.

WASHINGTON.

Washington, June 14.—The Reconstruction Committee heard statements regarding certain cotton bearing islands. The question of their sale was referred to a Sub Committee.

The Georgia bill was reassured. The clause to the bill declaring that nothing therein contained should be construed as forbidding an election next Fall, was stricken out, and the bill remains as first offered, viz: the Virginia bill with a clause added allowing militia organizations.

House.—The House considered the substitute for the currency bill up to the expiration of the morning hour, when Cuba came up. Several amendments were offered, but none of them squarely accord belligerent rights to the Cubans. Diplomatic gallery crowded.

Senate.—The senate passed the House resolution relating to trade with British America.

The Judiciary Committee ordered secret to be joined between Woods and Porter to-morrow at 9 A. M., when witnesses will be heard.

PENNSYLVANIA.

Philadelphia, June 14.—Two brothers, ages ten and eleven years, were drowned while bathing in the Schuylkill River.

MARKETS.

New York, June 14.—Stocks dull; Money 4 to 5; Exchange, long 9¼, short 10¼; Gold 111; Bonds 11¼; Tenn. ex-coupons 64 now 62 to 62½; Va ex-coupons 63½ now 62; La. old 76½, new 74; Levee 6s 75½ 8s 92½; Ala 8s 1.01, 5s 74½; Ga. 6s 88, 7s 95; S. C. old 88, new 84½; S. C. old 94½, new 82.

Shotwell, of the *Caucasian*, says that the *Standard* can crowd more lies into a given space than any other journal in the world, the Washington *Chronicle* not excepted.

The colored man, William Grant, who recently had his feet crushed by being run over by the train at Boney Bridge, died in Wilmington on Thursday last, with lock jaw.

Good Negro Sense.—The editor of the Maysville (Tenn.) *Republican*, the only paper in that State edited and published by a colored man, in a recent article says of the Radicals:

"They are men who want office; are malicious and want revenge: people who want to increase the colored man's enemies, and make a break in the friendship now existing between the negro man and his late owners. They are the demagogues, unprincipled and corrupt politicians; men who want an army of soldiers to saddle more expense upon our State, in order to do their dirty work under bayonet protection; in a word, extreme Radicals. We entreat the men of our race not to be blinded and fooled. Be free, and not the slaves of miserable guides, without judgment, conscience or honesty."

The Brewers' Association of the United States, lately in session at Davenport, Iowa, adopted a preamble and resolutions urging the revisal of the present revenue laws relating to fermented liquors, which they regard as "impracticable and extremely complicate."

PAIN KILLER

PERRY DAVIS' SON'S PERFECT SECRET

The Great Family Medicine of the Age.

THIRTY YEARS

Have elapsed since the introduction of the Pain Killer to the public, and yet at the present time it is more popular and commands a larger sale than ever before. Its popularity is not confined to this country alone; all over the world its beneficial effects in curing the "ills that flesh is heir to," are acknowledged and appreciated, and as a PAIN KILLER its fame is limitless to no country, sect nor race. It needs only to be known to be prized.

Thirty Year is certainly a long enough time to prove the efficacy of any medicine, and that the PAIN KILLER is deserving of all its proprietors claim for it, is amply proved by the unparalleled popularity it has attained. It is a sure and EFFECTIVE remedy. Sold by all Druggists.

THE EQUITABLE

HAS BECOME THE LEADING COMPANY OF THE WORLD.

Its New Business (sum assured), for the year 1869, exceeded that of the second company in rank by more than Thirteen Million Dollars.

In 1859 it was the 9th Company in new business for the year; in 1861 it was the 8th; in 1862 and 1863, the 7th; in 1864 and 1865 the 6th; in 1866, the 4th; in 1867, the 3d; in 1868, the 2nd;

In 1869 it was the FIRST.

The insuring public should not allow itself to be deceived with regard to the term "Annual Dividends." Many companies using this expression mean that their dividends are "annual" after they once begin to pay them at all; but they do not begin to pay until the settlement of the third, fourth, or fifth premium.

One hundred Dollars paid in dividends, at the end of one year, and each year thereafter, equals four hundred and—Thirty-six Dollars paid at the end of four years, interest at six per cent.

SWEET QUININE

Is a Recent Improvement.

Replaces the use of the BITTER SULPHATE QUININE, with which all are familiar.

Dose for dose, it is

WARRANTED

Fully equal in every way to Bitter Quinine,

AND, LIKE IT, IS THE ONE

Great, Positive, and Unfailing

CURE

For all Diseases of Malarious Origin.

Fever and Ague,

Intermittent Fever,

Chill Fever,

Remittent Fever,

Bilious Fever,

Dumb Ague,

and the long train of disorders following these when neglected.

SWEET QUININE

is made solely from Peruvian Bark (as is Bitter Quinine), therefore is of Vegetable origin, and not a Mineral poison, but on the contrary is proved to be one of the elements found in the blood of all healthy persons.

SWEET QUININE

acts as an antidote to, as well as a cure for, malarial or miasmatic poison, the absorption of which by the lungs causes Intermittent Fevers, etc. The great advantage claimed for

SWEET QUININE

over the use of the Bitter Quinine is the entire absence of that intense, persistent bitterness, which in the latter is an insurmountable obstacle to the use with most persons, and always with children.

SWEET QUININE

is in two forms—in POWDER, for the use of Physicians and Druggists, and FLUID, for use in the family and for the general public.

THE AMERICAN COMBINATION
Button Hole & Sewing Machine

Has been honored with the *highest award* in premiums and diplomas wherever entered for competition at *fairs* and *exhibitions* held during the past season.

THE SIMPLICITY, EASE AND CERTAINTY with which this machine operates as well as the uniform excellence of its work, throughout the entire range of Sewing, in

Stitching, Hemming, Felling, Tucking, Cording, Braiding Quilting, Gathering & Sewing on, Overseaming, Embroidering on the Edge, and its Beautiful Button-Hole and Eyelet Hole Work,

Place it unquestionably far in advance of any other similar invention.

It is also the CHEAPEST intrinsically, as well as the BEST, since it is really TWO MACHINES combined in one, (by a simple and beautiful mechanical arrangement never before accomplished by human ingenuity,) making either the Lock Stitch, or Button-Hole Stitch, as occasion may require. It is, at the same time, simple in construction, comparitively noiseless, easily understood, and in a word, it combines with these ADVANTAGES, EXCLUSIVELY ITS OWN, THE MOST DESIRABLE QUALITIES OF ALL OTHERS.

EVERYBODY PREFERS IT AFTER GIVING IT A TRIAL!

IT costs less!—It lasts longer!—Gives a more Brilliant Light!—May be burned in hand lamps, without chimney.

Guaranteed to make a better and safer Light than Coal Oil and to be NON-EXPLOSIVE!!!

No accidents have ever happened with it.

Protected by Copy right for 28 years from May 8th 1868.

The above Fluid has been in constant use for upwards of three years, and has sustained its unrivalled reputation, as a brilliant, non-explosive illuminating agent, though subjected to the severest tests. Being universally conceded to be superior to Kerosene or Coal Oil. It makes a better light and more of it, than any other illuminating compound. Soft, clear, steady and uninjurous to the eyes. All that is asked is, a fair and impartial trial.

Among the numerous testimonials received read the following:

PHILADELPHIA, March 15th, 1869.

The undersigned, having witnessed the experiments of Messrs. Hale & Co., with their Combination Burning Fluid, take pleasure in commending it to the public. The various tests to which the Fluid was subjected, was in the highest degree satisfactory. We have no hesitation in pronouncing it to be a *safe and brilliant* illuminating agent. Its cheapness added to its other good qualities, should insure its introduction into every family in the country, where Kerosene Oil is used.

ROCKBRIDGE ALUM SPRINGS, VA.

Open May 15th, 1870.

THIS FAVORITE AND CELEBRATED Watering Place is now in complete order for the reception of guests. Important improvements have been added to the buildings since the establishment passed into the hands of the present proprietor, and it is his purpose to keep it in a style not surpassed anywhere in Virginia. The waters of these special springs either cure or greatly relieve most cases of Scrofula, Incipient Consumption, Chronic Bronchitis, Chronic Laryngitis, Chronic Pneumonia, Chronic Dyspepsia, Chronic Diarrhœa, Painters. They are also a great value in those affections which are peculiar to the female constitution, and as an appetizer, a tonic and general restorative, they are, perhaps, unrivalled amongst mineral waters. The proprietor will have provided for the lawns and ballroom a first-class band of music, and in general all the sources of amusement and recreation usually found at our best summer resorts will be at the command of the guests at "ROCKBRIDGE ALUM." The place is within eleven to thirteen hours of Richmond, Washington, Baltimore, &c., by rail, all in daylight. Passengers leave the cars of the Chesapeake and Ohio Railroad at Goshen Depot, and new and elegant stage coaches, passing rapidly over a smooth and level road of only eight miles, set down the visitors at the Springs to tea.

SPARKLING

CATAWBA SPRINGS,

CATAWBA COUNTY, N. C.

THIS CELEBRATED WATERING PLACE, formerly called North Carolina White Sulphur Springs, will be open for visitors on Wednesday, the 1st day of June.

Being situated in the Northwestern part of the State, in a section remarkable for its delightful climate, beauty and healthiness, these, together with the virtue of the waters, make it one of the most desirable Watering Places to be found.

The Mineral Waters of these Springs

Are the White and Blue Sulphur, and Chalybeate or Iron, and they possess all the finest qualities of these waters, and are sovereign remedies for all Female diseases, diseases of long standing, diseases of the liver, bowels, stomach, kidneys, Pulmonary diseases, Eruptions of the skin, Scrofula, Weakness, Debility, Dyspepsia, Rheumatism, &c., &c.

From the numerous wonderful cures that have come immediately under my own observation within the last four years (by the use of these waters) I am satisfied that this is the place for all whose condition can be improved by the salubrious character of any water that flows from the earth, and the medicinal qualities of the same are not excelled.

Our rooms, in both cottages and other buildings, are large and pleasant; cottages containing from two to six rooms each, suitable for large or small families. Many rooms having been already applied for arrangements will be made to accommodate a large number of visitors, and it is to be hoped that our Southern people will patronize the Sparkling Catawba, which ought to be the pride of North Carolina, as well as the South, for no watering place can offer greater inducements for either health or pleasure.

The Bar will be supplied with choice Liquors and Segars. Good Ten Pin Alleys. Billiard Tables, one of which will be of the most approved style.

GOOD BATH HOUSES,

For Pool, Plunge or Shower Baths, hot or cold.

A GOOD BAND OF MUSIC,

Six or more performers, has been engaged for the season, and a good Physician permanently located for the benefit of invalids, who will have good attention.

The Sparkling Catawba this season will be under the management of Mr. JOHN L. BURNS (who, for the last three years, has been manager at the Healing Springs in Virginia)—assisted by Mrs. M. A. WARREN, and visitors may rely upon finding a good table.

The cars, on the Western and Morganton Railroad, leave Salisbury every morning, Sundays excepted, for Hickory Station, the Springs Depot, where hacks with good drivers will be ready to take passengers to the Springs, a distance of six miles, over a beautiful, well shaded road.

A GOOD LAUNDRY connected with the Springs and washing done at reasonable rates.

BOARD.

For four weeks, $48. Per Week, $15. Per day, $3. Children under ten years of age and colored servants half price. No charge for infants, or children under two years of age. Reasonable deduction made for large families who spend the season.

Tickets at reduced rates, or return tickets, can be had on the different Railroads to the Sparkling Catawba.

POLICIES VALUABLE IN LIFE, AS WELL AS AT DEATH!!

THE BROOKLYN LIFE, IS THE ONLY COMPANY IN AMERICA, WHICH GUARANTEES

DEFINITE CASH SURRENDER VALUES,

IN CASE A POLICY IS FORFEITED FOR NON-PAYMENT OF PREMIUM.

The BROOKLYN LIFE enjoys the highest reputation *for judgment of investment, economy of management, and skill and care in the selection of risks,*—upon which elements of administration the security of a Life Insurance Corporation depends.

The laws of New York *compel* Companies in that State to calculate the Cash value of their Policies, each and every year, *and a certain legal standard of reserve and accumulation must be held by the Companies to meet all their liabilities.*

Insurers, in looking around for Companies in which to insure, should carefully seek for this important safeguard. It will be found in the BROOKLYN LIFE.

The Globe has peculiar claims upon the Southern country, from having first introduced the non-forfeiting feature in all its policies. Its President, Mr. Pliny Freeman, was the inventor of the ten-year, non-forfeiture plan, and introduced it in the Company with which he was then connected.

The Globe takes no notes; but receives its premiums in cash, and pays its policies in cash, without deduction.

To those desiring it, the Company will issue policies, registered and certified by the Superintendent of the Insurance Department of New York, as "secured by pledge of public stock."
